Wrapped Design Lenses

High performance solutions
for sport and fashion frames.

Understanding wearers' needs and wants.

- ▶ 86% of adults wear sunglasses.
- ▶ 20% of eyeglass wearers have prescription sunglasses.
- ▶ 18% of sunglass frames are high wrap designs.

“I want a wrapped sunglass without compromising my vision.”

“I want clear vision when practicing my favourite sports.”

“I need to be able to see the road clearly as well as my sports device.”

synchrony® Curves HDC Progressive & Single Vision Lenses provide:

- ▶ Panoramic vision with minimum lateral distortions.
- ▶ Sharp vision in far and mid-distance and clear near vision when checking devices.
- ▶ Available in multiple tint options and polarized.
